

# Emmaus Lutheran School Technology Curriculum

## Rationale based on Scripture

God is the Creator of all things, including technology. Our school is committed to providing students with a quality education in technology so they can function effectively as Christians in their church, community, and country. A quality education in technology will help students succeed in high school, in the work place, and help them witness to friends, neighbors, and co-workers about our Savior.

## Exit goals for graduation

Students will demonstrate proficiency, understanding, and/or commitment to the following set of exit goals upon graduation. The level of proficiency of these exit goals will be dependent upon the individual gifts and effort of the student and at what grade the student started attending Emmaus.

- Demonstrate a positive attitude toward technology
- Use God's gift of technology in a God-pleasing manner
- Are aware of how to stay safe while searching the Internet
- Able to touch type from home keys position
- Experience with doing research on the Internet
- Ability to create, modify, share a document on Google Docs
- Ability to create, modify, and present a presentation on Google Docs

## Grade Specific Technology Resources

Currently, Emmaus does not offer a technology class. Technology is primarily used as a supplementary resource in other classes. Teachers may teach mini lessons on how to use a particular program, website, or type of technology. Following is a list of grade specific technology resources our teachers use to teach our students how to use technology as a supplementary resource.

### Kindergarten

- Accelerated Reader
- McGraw-Hill Connect
- YouTube videos
- Word World DVDs

### First and Second Grade

- Accelerated Reader
- Learn360
- Pinterest

### Third and Fourth Grade

- Accelerated Reader
- Times Tables

- Learn360
- Pinterest
- Google

### Fifth and Sixth Grade

- Welcome to the Web
- Bible Gateway
- Phoenix Public Library
- Accelerated Reader
- Google Docs
- Holt Math Resources
- Ducksters
